

Digital hiring is the future of hiring and onboarding. At **Reed Screening**, we know how important it is to be sure that you've verified the identities and right to work of potential employees, whether that's remotely or in person.

With our **market-leading AssuredID digital candidate screening**, you can now verify candidates' identities and right to work digitally with confidence, minimise risk and streamline your processes, all in one go.

Come and work with the organisation who have led on the digital right to work agenda with Home Office.

Why choose AssuredID?

Secure & seamless user verification for a remote world, from anywhere, anytime

Verifies any user by linking their face to their identity document (via smartphone)

Human centric design, simple & effective for individuals to use

Scalable & secure user onboarding, with fully-automated verifications

Best in class security tools and practices to keep data safe, every step of the way

Deep learning technology – learns in real-time to stay ahead of potential fraudsters
