

Matching donations to multiply impact via the Big Give

All charities that have benefitted from the Reed Foundation in 2022

Every public donation to a charity campaign supported by the Big Give benefits from match funding, which means that when you give £10, the charity receives £20. The Reed Foundation is one of (if not the biggest) match funding donors on the platform. Here you can find a full list of all the charities the Reed Foundation has contributed to via the Big Give to in 2022.
