

Reed Specialist Recruitment Ltd 2019 Gender Pay Gap Report

Reed Specialist Recruitment (RSR) is the UK's #1 recruitment agency and our values are at the core of everything we do. We are fair, open and honest, we take ownership and we work together. Every year, these values drive our Co-Members to help thousands of people into Temporary, Permanent and Contract job roles, playing a key part in the UK job market and wider economy. Our purpose is "Improving Lives Through Work" and our brand message is "Love Mondays".

RSR is committed to building and maintaining a workforce whose diversity is representative of the communities in which we operate. Having a diverse workforce throughout the business will allow us to utilise a range of different skills, experiences and perspectives that should ensure our success in the future.

We believe it is to the benefit of everyone that large organisations are required to be transparent on the topic of gender pay. In this report, we outline the gender pay gap and bonus pay gap for RSR. We take this opportunity to highlight our commitments and initiatives to continue to tackle the gap moving forwards.

I can confirm that the results declared in this report are accurate as at the snapshot date of 5th April 2019. They have been calculated according to the requirements of The Equality Act 2010 (Gender Pay Gap Information) Regulations 2017.

What is the Gender Pay Gap...

In 2017, all organisations in the UK with 250 or more employees had to begin reporting their gender pay gap. We are required to report on a snapshot date of 5th April each year.

Gender pay is different to equal pay

The gender pay gap is the percentage difference between men's and women's average hourly earnings across the whole organisation.

Equal pay measures whether men and women are paid the same for doing the same job.

Mean

The mean gender pay gap is the difference between the average hourly rate of pay for women compared with men. It is determined by adding up all the hourly pay rates for each gender, and dividing the total by the number of Co-Members in that gender.

Median

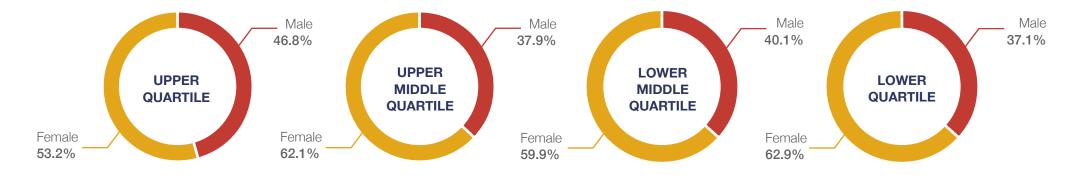

The median gender pay gap is determined by ranking the hourly rates of pay for men and women from lowest to highest. You then take the middle number for both ranges, and calculate the difference.

Our Results

Proportion of Co-Members in each pay quartile

The quartiles are derived from ranking all relevant Co-Members from lowest to highest hourly pay and splitting the workforce into four equal parts. We then calculate the proportion of women and men as a percentage of total Co-Members in that pay quartile.

What our Results Mean...

Understanding the gap

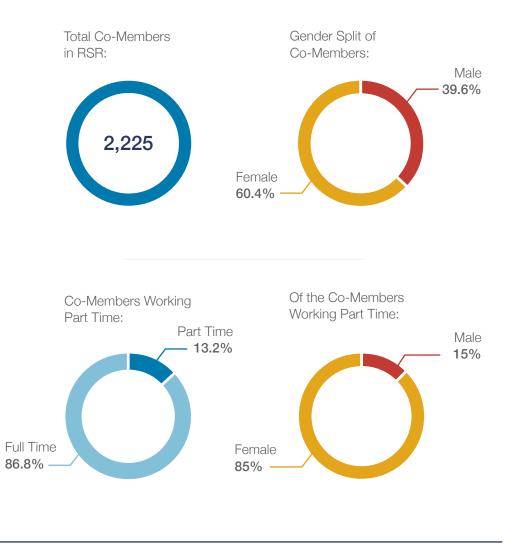

We are pleased that we have made further progress in closing our gender pay gap; year on year it has reduced from 7.4% to 6.8% - that's an 8% improvement. This is due to making progress in closing the gap in the upper quartile, our highest paid Co-Members. Although we know there is more to do we are incredibly proud of our developing inclusion and belonging approach, and this year alone we have enhanced our maternity benefits, continued our women in leadership talks, released a diversity statement and shared our inclusion stories.

We are confident that our bonus schemes incentivise and reward all Co-Members equally, regardless of gender. The bonus pay gap has reduced from 27.5% to 17.10% year on year, that's 38%. Our bonus gap continues to exist because we have more men at the very top of the organisation, who receive comparatively large bonuses. In addition, due to current legislation around gender pay gap reporting, we have 294 part time Co-Members, mostly women, who we cannot pro-rate the bonus calculations for.

We're on a Journey...

As we continue to strive to do better, we are proud of REED's accomplishments so far but significant change takes time. Below are our current and future initiatives to continue closing the gender pay gap:

Chairman's Commitment

In 2018, our Chairman James Reed pledged that REED will seek to have women make up 50% of its senior leadership team over the next 3-5 years. They will be there because they are good at their jobs. We will meet this through succession planning and supporting the development of female talent.

Our Inclusion & Belonging Commitment

In August 2019, we launched REED's Inclusion & Belonging Commitment, outlining our key aims towards full workplace inclusion.

Work continues on our initiatives, and this year we have appointed Group Board Sponsors and Diversity Champions to support all Co-Members across the business and help us drive change.

This commitment strives towards everyone feeling a sense of belonging in the workplace, through a variety of initiatives listed below:

Women in Leadership

We believe strong female role models are vital in supporting more women into leadership positions, so we are continuing to hold quarterly talks by successful business women to inspire our workforce.

REED are proud to have grown our successful female leadership mentoring programme which provides support and advice to foster success in our future female leaders.

This year we will launch our WiL@REED Resource Page, allowing Co-Members to connect, learn, share and inspire one another.

We're on a Journey...

Understanding the Importance of Inclusivity

The importance of an inclusive workplace is driven from the top at REED with two Group Board Sponsors championing support for Women in Leadership. They support our Co-Member networks made up of WiL@REED Diversity Champions to share feedback, support Co-Members and advise the organisation on how to improve.

As a family business, we are proud to raise the voice of our Co-Members internally through our quarterly Inclusion Stories. We also share 'How to support Co-Members...' blogs periodically to raise awareness of key Co-Member celebrations throughout the year.

Encouraging Inclusive Leadership

REED encourage all Co-Members to take part in personal & professional development, with a number of management and leadership training initiatives available. We have developed a new Toolkit for Inclusive Management, further upskilling our managers to support and harness individuality.

An Unconscious Bias e-learning module is available for all Co-Members, designed to help recognise and combat bias in the workplace. We have implemented Unconscious Bias Training for Hiring Managers to help ensure personal biases are recognised in the interview process.

Inclusive Recruitment, Policies & Procedures

We are proud to have an inclusive recruitment process with equal opportunities available for all candidates through reducing bias at all stages. With strong Early Talent routes into the business, we can see outstanding female professionals now progressing through our organisation. Our Inclusion & Belonging Steering Committee bi-annually review our policies and procedures with an inclusion lens, ensuring continuing inclusivity.

This year we will launch our new Inclusive Workplace Guide to raise awareness of Co-Member support available at REED and share conversation guides developed in conjunction with our Diversity Champions.

As we strive to do better, REED will remain fair, open and honest with our progress.
